

BIO MASK™

BioFriend's revolutionary, patented technology traps and kills bacteria and viruses on contact AND allows you to breathe normally:

- Traps and kills 99.9% of harmful germs
- Superior breathability & comfort
- Self-sanitizing for ALL-DAY WEAR
- Reduces cross-contamination of hands and surfaces
- Standard and small sizes

***Kills germs including those that cause Influenza A, Swine Flu, Bird Flu, common colds, measles, MRSA, pneumonia and SARS.**

BioFriend™ traps microbes by mimicking the sites on human cells to which they normally attach, then, destroys them by disrupting their surfaces (viruses) or cell walls (bacteria).

Replace after 12 hours of active wear or earlier, if damaged or soiled with blood or bodily fluids.

⚠ WARNING

This medical face mask cannot stop the transmission of all germs in the air and does not eliminate the risk of disease or illness. Practice good hygiene. Sanitize hands frequently and refrain from touching nose, mouth or eyes. Do not clean or sterilize for re-use.
